**Response to TODAY Online Voices: IPs provide Covid-19 hospitalisation coverage for Singapore travellers upon their return**

**Attributed to Ms. Pauline Lim, Executive Director, Life Insurance Association, Singapore (LIA Singapore)**

**11 March 2022**

We refer to the [letter](#) by Mr Wong Chin Kiat ("Insurers should provide coverage for S'pore travellers who get COVID-19 after returning from trips", Feb 22).

We would like to clarify that all integrated shield plans (IPs) cover inpatient medical bills for policyholders should they be infected with COVID-19 upon returning from overseas trips and require hospitalisation as a result.

Coverage is provided regardless of vaccination status, and regardless of whether or not travel was via a Vaccinated Travel Lane.

We encourage policyholders to [contact](#) their IP insurer should they have further questions or concerns.
