

Specific Links to Integrated Shield Plans (IPs) and IP Rider Coverage of Cancer Drug Treatments and Services

In August 2021, MOH announced changes to the financing of outpatient cancer treatment to help ensure the cost of cancer treatments and insurance premiums remain affordable over time.

The changes to MediShield Life (MSHL) and Medisave (MSV) were implemented on 1 September 2022, while the change to Integrated Shield Plans (IPs) will take effect from 1 April 2023, upon policy purchase or renewal.

More details on IPs and IP rider coverage of cancer drug treatments and services can be found in the respective IP Insurer's webpage below.
